DCR-SR68

Hard Disk Drive Handycam® Camcorder

The DCR-SR68 features a built-in 80GB¹ hard disk drive for extended recording, an LED video light, as well as a professional-quality Carl Zeiss® Vario-Tessar® lens, which delivers sharp, high-resolution images, and a powerful 60x optical zoom that lets you capture extremely tight shots, even from far away.

Zoom (60x Optical, 2000x Digital)

Ideal for sporting events, wildlife, or distance shooting, the 60x optical zoom brings you closer to the action, so you can capture extremely tight shots, even from far away.

Carl Zeiss® Vario-Tessar® lens

Features precision-ground optics to help achieve the sharpness and contrast usually found in larger lenses, plus SteadyShot® image stabilization to help reduce blur caused by camera shake

2.7" Clear Photo™ LCD (230K) display³

Provides excellent viewing clarity with improved resolution (230K pixels). The display rotates up to 270 degrees for multiple viewing angles, as well as provides sharp, detailed images for monitoring or playback. The convenient touch panel allows easy access to menus and additional functionality such as spot focus and spot metering.

Direct Copy to External HDD

Lets you copy videos from your camcorder directly to an external hard disk drive (sold separately)¹⁹, all without a computer. Your camcorder can also access videos stored on the external hard drive for playback on your HDTV⁴, allowing you to utilize the camcorder's handy playback features.

Face Detection Technology

Recognizes faces and optimizes camera settings when shooting videos and still images. Faces get captured more clearly with more natural-looking skin tones.

1/8" Advanced HAD® CCD sensor

Offering a 680K (gross) pixel resolution, delivers stunning detail and clarity for exceptional video and still image performance.

Film Roll / Face Index

Film Roll Index previews the beginning of scenes and creates scene indexes set at specified display intervals. Face Index indexes your video footage according to the faces detected in each scene. When it's time to play back video, simply search for what you want by selecting from among the detected faces displayed in the index.

Direct Connection with DVDirect Burner

Supports a direct connection to the VRD-P1 DVDirect® DVD burner (sold separately), allowing you to burn DVDs directly from your camcorder without a PC. And because the VRD-P1 is powered by your camcorder, no additional AC power cable is required.

Media Card Slot

For convenient storage and sharing of your images and videos, this model accepts Memory Stick Duo™ / Memory Stick PRO Duo™ / Memory Stick PRO-HG Duo™ media and SD / SDHC media (sold separately).²⁰

Additional Features:

- LED Video Light
- Power On by LCD
- Dolby® Digital stereo recording with Built-in Zoom Mic
- Sony® PMB (Picture Motion Browser) software⁹
